

PST02-C Door/Window 3 in 1 sensor

Features

- (1)Door/window, (2)temperature, (3)illumination 3in 1 sensor
- Adopt newest Z-wave 400/500 series chip, support multichannel operation and higher data rate(9.6/40/100kbps)
- Higher output power (at least 5dB more than 300 series Z-wave module) to enhance the 30%~50% communication range
- 1500mA CR123A Lithium battery to guarantee 3.5 year battery life
- Mounting distance 28 mm
- Built in illumination sensor while applied to light control
- With Tamper proof protection
- Easy install (Screw fix or 3M tape fix)
- Low battery indication
- Z-Wave V6.02/V6.51
- Auto report the open/close status and battery status
- LVD: EN60950-1:2006+A11:2009
- FCC part15.249 / EN300 220-1/ certification
- NCC

50 X 10 X 12(mm) 96 X 28 X 23 (mm)
